

Project Name: FY 2022-23 Sewer Rehabilitation

Project Update:

Crews will be working on this project starting mid-September through early November. The contractor will leave notices on your door 24 hours prior to placing liners in the main in front of the homes as shown on the red lines below. If your home is not adjacent to the red lines below then there will not be any disruptions to your sewer service.

Expected traffic impacts:

Expect lane closures and minor delays as needed for a day at a time at each location. Please use alternative routes.

Project Overview:

This project will place liners inside of the existing sewer mains to extend the life of the sewer mains. These liners will last as long as a new pipe.

Project Area:

Contractor Contact Information:

The contractor for this project is Insituform Technologies, LLC. The project manager will be Jay Butcher and he can be reached at 303-653-1218.

Questions:

Please contact the Pleasant Grove Public Works Department at 801-785-2941 with comments or questions related to this project.
