

**Due to concerns with COVID-19, all patrons wishing to enter and use the recreation facilities must abide by the following regulations.**

**UPDATED November 23, 2020  
(Changes go into effect November 24, 2020)**

**All patrons entering the facility must not be exhibiting any of the following symptoms**

**Fever – Cough – Shortness of breath – Sudden change in taste or smell - Sore throat  
Muscle aches or pains**

- **Hours of Operation: Monday - Friday 5:00am-10:00pm  
Saturday 7:00am-7:00pm**
- **Mask Mandate – Masks will be required for users at the recreation center. The new executive order still has a number of exceptions for wearing masks, including while working out indoors 6 feet away from others. Masks are required when entering and exiting the facility, in between sets, waiting to enter a fitness class, etc. Staff will be tasked with ensuring a safe environment, including requiring a mask at entrance. If you plan to apply one of the state's approved mask exceptions, please communicate that to staff while entering the facility.**
- **We will limit the number of people in certain areas. Patrons will check in at the front desk and receive a wristband that allows admittance to that specific area. Once the area is full, patrons will be placed on a waiting list and notified via text. Patrons will be expected to social distance and use spaces appropriately. If the facility reaches capacity on a regular basis we will move to a reservation system**
- **There are group fitness classes. Check our website for the current schedule as it may change. Day care is available.**
- **All patrons must maintain a 6-foot separation at all times unless they are family members living in the same household.**
- **Patrons will be checked in with membership card or manually.**
- **Each patron is required to disinfect all the equipment before and after each use.**

- **Locker rooms and restrooms will be available but patrons may not congregate or hang out in those areas**
- **Please limit workouts to no more than 90 minutes.**
- **Hand sanitizer will be available but because of limited supply we also ask that patrons use their own personal supply if possible.**
- **Memberships – Passes were activated on June, 8 2020. All annual passes were placed on hold and were extended for an additional 86 days. Semi-annual and monthly passes will be adjusted to the number of days missed due to the closure. Auto Renewal billing resumed on July 1<sup>st</sup>.**
- **In each of these modifications, the ultimate responsibility for patron safety rests with each of you. We have made a few modifications to our protocols, the layout of the facility, the capacities and limits, and the way that we deliver recreation to Pleasant Grove. We need each of you to encourage guidelines, wear appropriate PPE, keep safe distances, and to be patient with our staff while we all work together to figure out the new normal.**
- **If you have thoughts or feedback, please let us know. We are excited to have you back in the facility. We are glad to take steps in providing some recreation opportunities, while following the guidelines from health experts, and we hope you'll be a patient partner as we re-activate our facility.**
- **These guidelines are subject to change at any time – updates will be posted on our website, Facebook, and Instagram pages**
