

# Everyone Plays “Paddle Holder” System

When all courts are full and other players are waiting:

- All games will be played to 11, win by 1
- Waiting players place a paddle for each player on the paddle racks on the next open rack
- When a game finishes players announce “Open Court” and the court is vacated for the players with paddles on the rack
- When players move to the court to begin play, they have a 5 minute warm up period and then begin play to 11, win by 1
- Waiting players move the “ON DECK” magnet to the next rack and will play on the next available court
- The process repeats as long as others are waiting to play
- No drilling/practice time when courts are full
