

## Trash and Recycling Changes FAQ

### 1. Why is my trash pick-up day changing?

Republic Services will be changing their trash/recycle schedules in Utah County due to the growth of the area. They can no longer service a city of our size in one given day. Due to these changes your trash/recycle pick-up day could change from Wednesday to another day of the week.

### 2. How can I know if my pick-up day has changed?

We have a map that shows what your new pick-up day will be based on where you live in the city. You can view this map [here](#).

### 3. When are the changes happening?

The new pick-up schedule will start the week of February 15<sup>th</sup>. You can view the calendar [here](#).

### 4. Will my recycling day change as well?

Whatever day your trash pick-up day is will also be your recycle pick-up day. The recycle will be picked up every other week. The first week that the recycle will be picked up will be the week of February 22<sup>nd</sup>.

Due to the implementation of the new schedule change some residents will not have their recycle picked up for three weeks. This scheduling quirk will be only in February 2021. Every resident will have their recycle picked up the week of February 22<sup>nd</sup> and then every other week after that.

### 5. How does a holiday impact my trash pick-up day?

On a holiday at the beginning of the week, your pick-up day will shift one day later for that week. On a holiday in the middle of a week, those picked up after the holiday will shift one day later. To view which weeks contain a holiday please refer to [this calendar](#).

If you have any questions, you can call Pleasant Grove City at (801) 785-5045.
